- Project Promoters and the Fund Operator are both contributing to the timely and accurate monitoring of the activities

WHAT	project's progress regarding activities and outputs Quality of accommodation and other services provided Compliance with the financial and governance procedures
WHY	Analyze situation Identify issues & solutions Keep project activities on schedule / tracking progress at the higher level of project's logical framework Measure progress Vs outputs Quality Assurance Ensure compliance with the financial and governance procedures
WHEN	Continuous: quarterly and annual, regular or random.
HOW	On-the-spot verification visits Regular or random field visits Annual Quality Monitoring EASO's monitoring tools Project Records Projec Promoters' quarterly Reports

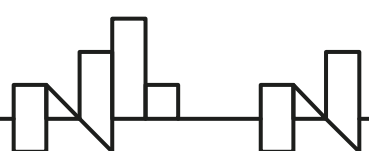

Monitoring system

- Online report submission platform, through which the Project Promoters submit their financial and narrative reports.
- Coordination meetings between the FO and the PPs (especially after Interim report submission) were organized and conducted. In these meetings, status update per project is provided and the main issues and challenges are discussed with input from the competent team members.
- Monitoring scoring tool was developed by the FO and was filled collectively by the monitoring team to reflect on the broader areas that seem more vulnerable and be in touch with the individual project and how it evolves.
- On the spot verification-monitoring visits (September 2021, November 2022, March 2022, May 2023).

Monitoring system

- A system for the monitoring of the quality of accommodation and service provision for the centers and SIL apartments funded by EEA Grants (outcome 1) was developed.
- The monitoring for the outcome 1 included self-assessment by the PP, on-line meetings and on-the-spot monitoring visits by FO and UDI.
- Reference Documents for the self-assessment form and the checklist of the on-the-spot verification visits: “EASO Guidance on reception conditions for unaccompanied children: operational standards and indicators” (2018) & “EASO guidance on reception conditions: operational standards and indicators” (2016).

#OURHEROES – THE STORY OF ANTUANETA TACI

FUTURA

DATE
13.01.23

Antuaneta Taci, Caretaker
Short bio: I have been working in the asylum and migration field for the last 5 years mainly in care positions but also as a kitchen employee and as a resident assistant.

Why do you participate in the program?

I wanted to participate in the Futura program because I liked the different approach to traditional institutional models of accommodation. I think Futura essentially supports children's transition to adulthood and their integration into society.

What is the most important outcome you have gained through the program?

#OURHEROES – ΠΑΓΚΟΣΜΙΑ ΗΜΕΡΑ ΤΗΣ ΓΥΝΑΙΚΑΣ – Η ΙΣΤΟΡΙΑ ΤΗΣ J.

ΗΜΕΡΟΜΗΝΙΑ
08.03.23

Η J. από τη Κινσάσα του Κονγκό είναι 17 χρονών, γεννήθηκε πριν 6 μήνες. Έφτασε στην Ελλάδα με τα πόδια, έγκυος. Κάποιος την είχε βιάσει στην Τουρκία. Ταξίδεψε μόνη. Θύμα έμφυλης βίας, έφυγε από το σπίτι της για να γλιτώσει έναν αναγκαστικό γάμο με άνδρα στην ηλικία του πατέρα της.

«Έφυγα από τον Κονγκό εξαιτίας του πατέρα μου, ήταν πολύ κακός απέναντί μου, ήθελε να με παντρεύει με έναν άνδρα μεγαλύτερο σε ηλικία από εμένα. Ο άνδρας αυτός είχε ίδια ηλικία με τον πατέρα μου. (Ο πατέρας μου) δεν με ήθελε πια στο σπίτι, με χτυπούσε. Με χτυπούσε κάθε μέρα, δεν με άφηνε να πηγαίνω σχολείο, υπήρχαν φορές που δεν μου έδινε να φάω. Η μητέρα μου μου είπε ότι πρέπει να φύγω γιατί αν συνεχιστεί αυτή η κατάσταση θα μου κάνει κακό. Μάλιστα (μία μέρα ο πατέρας μου) προσπάθησε να βάλει φωτιά στο σπίτι. (...) In the wake of the International Day of Education, we share the story of Harry, a teacher of the Greek literacy and trainee of the *Σχολεία Για Όλους* seminars.
? Harry, what is the most important takeaway you have gained through the training of the "Schools for all" project?
During my training, I learned practices and tools which I can use in my daily school practice in an experiential and interactive way. The adolescents with whom I come into contact do not need theories rather that knowledge gained through interaction and educational "play".
? What means integration for you?
The term "inclusion" – a key concept, which I made sure we discussed at length in class – is a word without which there can be no future. In the globalized society we live in, we have to shape generations of people who will learn to live together in harmony – despite their differences of all kinds. Inclusion, then, for me, is... the future of our planet.
? What is your message for the International Day of Education?
Education is the basis of society. Teaching is the only way to ensure that this society has the education it needs to achieve well-being – not just survival.

My name is Ramatulai and I am 17 years old from Siera Leone. I arrived in Samos, Greece in September 2022. Back in Siera Leone my life was good until a tragedy occurred and made me come here. I left my country with my aunt, but I finally arrived here alone. I am the only daughter of my mother and I didn't fortunate to meet my father.
Here, my life is good. I feel safe, but I can't feel free because I cannot go back. I have lost everything. I don't have my mother, the only person I have had. I don't even know if she is alive or dead. So, this is still in me, the stress is still in my body. I feel safe here, but my heart isn't free.
I would like to become a doctor; I still have the hope and try to do my best. I don't know what life will bring to me. When I turn 18, I must leave the shelter and I don't have anybody. It's only me. It's so difficult, so difficult.

E κατομύρια άνθρωποι πουλιούνται κι αγοράζονται κάθε μέρα στα σκλαβοπάζαρα του πλανήτη – ακόμα και μικρά παιδιά. Άνθρωποι από χώρες διαλυμένες από τον πόλεμο ή τη φτώχεια καταλήγουν στα δίκτυα κυκλωμάτων που τους εκμεταλλεύονται εργασιακά ή σεξουαλικά. Στην Ελλάδα δυστυχώς είμαστε μάρτυρες και των δύο μορφών εκμετάλλευσης και κακοποίησης ανθρώπων.

EEA Grants Community in Greece

A close-up photograph of two hands clasped together, with arms extending from the top corners towards the center. The skin is a warm, light brown tone. The background is a blurred, grey, textured surface, possibly cobblestones. The lighting is bright, creating soft shadows and highlights on the skin.

Working together for an inclusive Europe

How it works

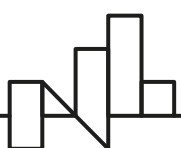

We organise monthly **Community meetings**, where all PPs participate in, discuss communication issues, share ideas & media contacts when needed, design common events & community activities.

When we have a joint activity, **the community shares the visibility materials** to their channels, media lists & contacts.

In this way, we engage more channels and actors, so as to **multiply the dissemination of the Donors and the Grants.**

What we have done so far

- A **joint -open to public- online event** on Refugee Day 2021, in which most of the PPs participated, presenting best practices of their projects and answering a QnA session.
- A **joint advocacy article**, about refugee children and formal education in Greece
- A **joint PR & a Facebook campaign** on Human Rights Day 2022
- 2 **workshops** (communication & photography workshops) to the PPs staff so as to improve their materials and increase the visibility of the projects
- 3 **participatory activities** (photography & painting artworks from beneficiaries, under the same topic)
- 3 **networking events & a story** from UAMs which started in Athens and completed in Chios and Samos islands
